

A 2011 law* asked the Washington Traffic Safety Commission to maintain a registry of qualified Victim Impact Panels (VIP). The law also set minimum requirements for VIPs.

This registry lists those VIPs who have certified that they meet the minimum requirements. This registry and other information is available online at <http://wtsc.wa.gov/programs-priorities/impaired-driving/>.

Register New Panels or Update Registry Information: WTSC will update this registry twice a year. The Victim Impact Panel Certification Form allows the designated facilitator to certify that their VIP meets minimum requirements. The VIP Update Form allows the designated facilitator to update their panel's information on the registry. All forms received by January 15 will be included in the first semi-annual update and all forms received by July 15 will be included in the second semi-annual update.
