

The top three factors in fatal crashes:
Speed • Cornering errors • Impairment

Ride Trained. Ride Endorsed.

Look Twice—Save a Life

Whether you have ridden thousands of miles or have never been on a motorcycle, there are 2- and 3-wheel courses designed to fit your needs. Courses on street strategies and hazard avoidance skills are held throughout the state. Basic classes provide a motorcycle and helmet for your use, while advanced courses will challenge your skills using your own equipment.

For training information, go to:
dol.wa.gov/driverslicense/motorcycles.html

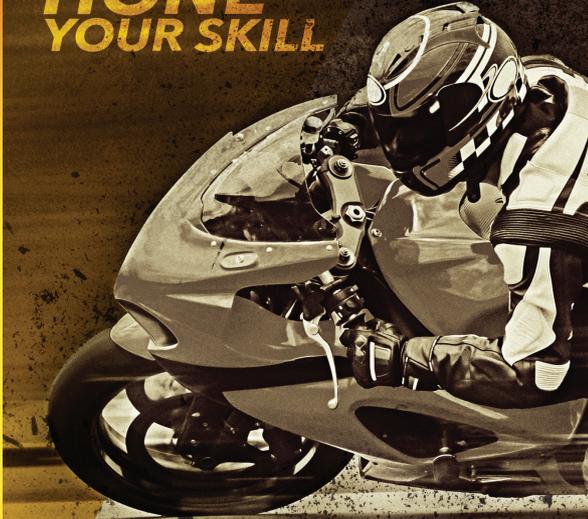

A man in a yellow t-shirt and black shorts is leaning over a red motorcycle. He is wearing a black and red helmet. The background is a gradient from white to black. The word "TRAINING" is written in red at the top, and "IS EVERYTHING" is written in red at the bottom. Below the motorcycle, the text "Training for ALL levels of riding!" is written in white on a dark, textured background.

TRAINING

IS EVERYTHING

Training for **ALL** levels of riding!
