

Request for Fatal Crash Information

If you would like to request fatal crash information from the WTSC that is not already available from our website materials, please complete this form and provide as much information about your request as possible. Requests are generally completed in the order they are received. We strive to complete all requests within ten business days.

The WTSC manages the Fatality Analysis Reporting System (FARS), a census of all traffic-related fatalities occurring in Washington State. If you are seeking information for non-fatal crashes, please contact the WSDOT Crash Data and Reporting Branch at (360) 570-2449 or complete the Washington State Department of Transportation request form available at <http://www.wsdot.wa.gov/mapsdata/collision/collisiondatarequest.htm>.

Requester Information:

Name:

Company/Agency:

Phone Number:

Email Address:

When do you need this information?

Traffic Information Requested:

Date Range:

Details of Request – *Please be as specific as possible. Be sure to include details such as age ranges, collision outcomes, specific contributing circumstances or traffic safety topics, road types, etc. The WTSC is the data steward of fatal collision information. Depending on the nature of your request, you may be referred to a more appropriate steward agency for the information you are requesting.*

Mail or Fax your completed request form to: radd@wtsc.wa.gov
