

Washington Traffic Survey 2024

The Washington (WA) Traffic Safety Commission (WTSC) has conducted a statewide survey of adults aged 18 and over. This research aims to inform statewide planning and evaluation of traffic safety programs.

This infographic provides insight into this year's findings, covering road usage patterns, perceived roadway risks, community beliefs, and pedestrian and cyclist experiences on public roads.

REGION 2: Grays Harbor, Mason & Pacific Counties

ROAD USE =

How do people use public roads?

Adults who feel it is safe to...

Belief in Zero Tolerance for Road Harm

Public Interventions on Unsafe Driving Practices

from driving impaired

Phone Use While Driving

phone or distracted to focus on driving

Self-Reported High-Risk Driving Behavior

REPORTED BEHAVIOR % "Yes"

2% 1%

Drove after

the speed limit* consuming alcohol consuming cannabis * % "Rarely", "Sometimes", "Usually", and "Always"

Drove after

Perceived Frequency of High-Risk Driving **Behavior in Community**

PERCEIVED BEHAVIOR

% "Sometimes", "Usually", and "Always"

84% 74% 69%

Drove 10+ mph over the speed limit

72%

Drove 10+ mph over

Drove after

Drove after consuming alcohol consuming cannabis

Pedestrian and Cyclist Traffic Safety

Reported the traffic deaths of people walking, biking, or rolling as 'Extremely', 'Very' or 'Moderately Important'

Reported being struck by a car in the past 12 months while walking, biking, or rolling
