

TRAFFIC SAFETY COMMISSION

Washington Traffic Survey 2024

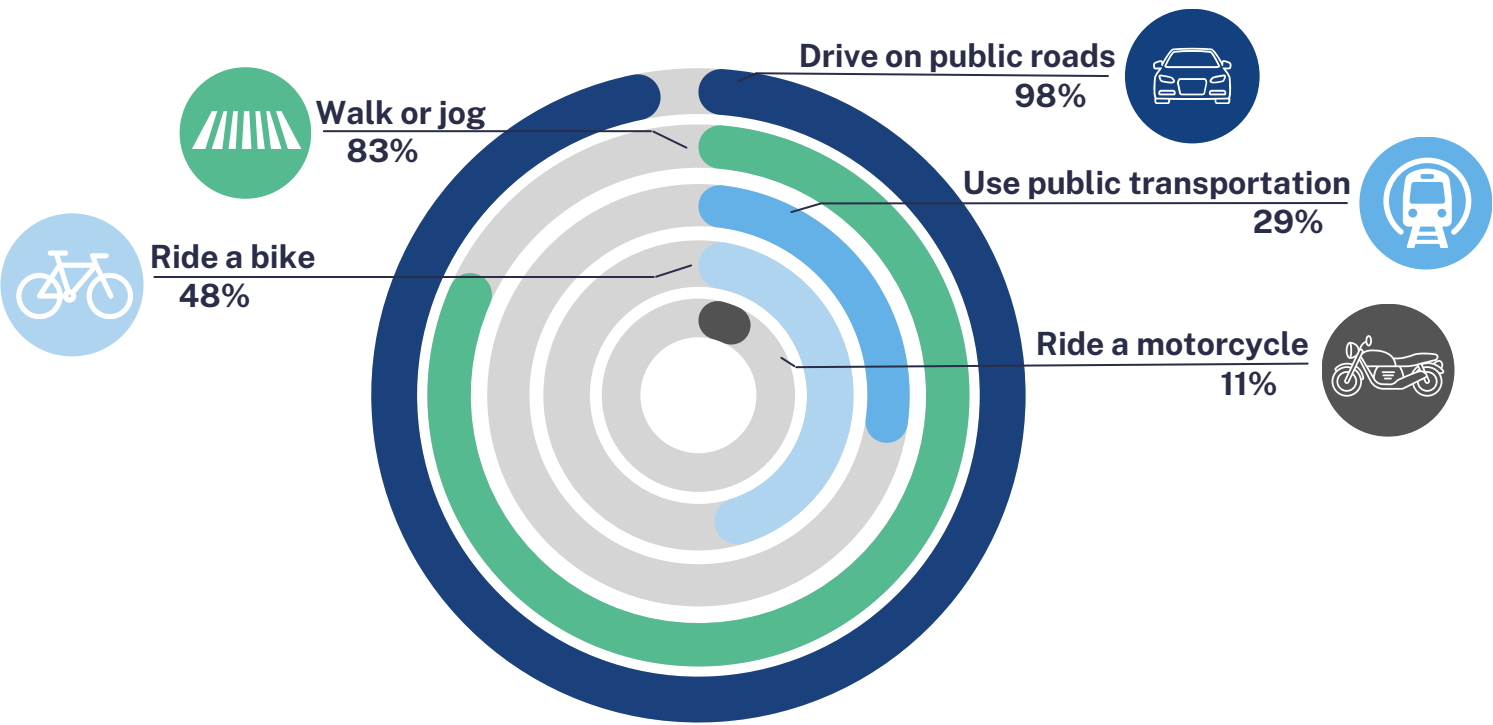

The Washington (WA) Traffic Safety Commission (WTSC) has conducted a statewide survey of adults aged 18 and over. This research aims to inform statewide planning and evaluation of traffic safety programs.

This infographic provides insight into this year's findings, covering road usage patterns, perceived roadway risks, community beliefs, and pedestrian and cyclist experiences on public roads.

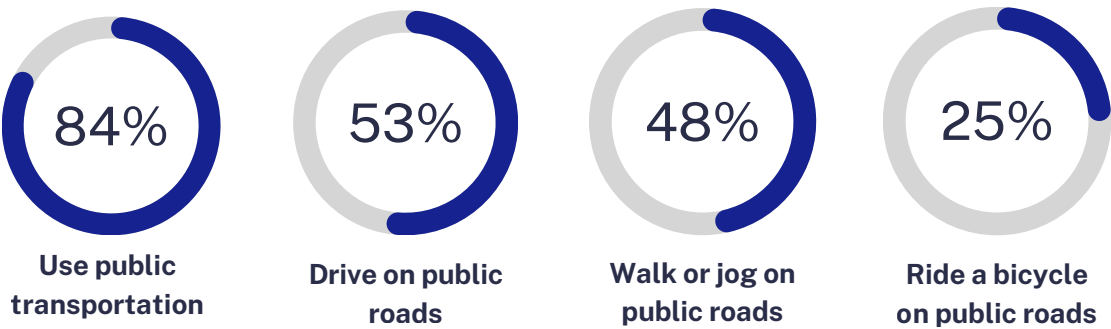

REGION 17: Asotin, Columbia, Garfield & Walla Walla Counties

ROAD USE

How do people use public roads?

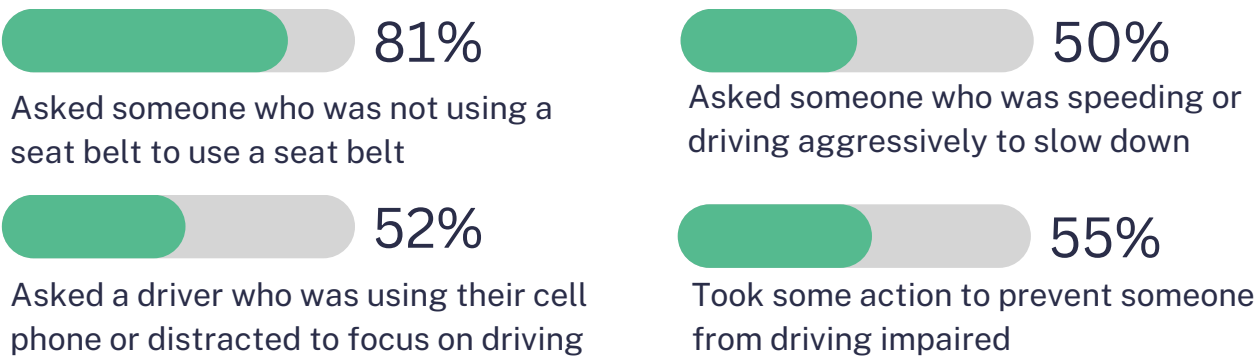

Adults who feel it is safe to...

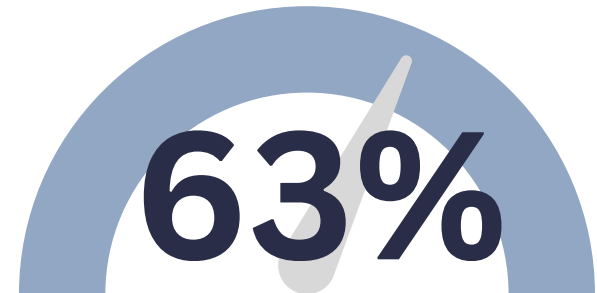

Belief in Zero Tolerance for Road Harm

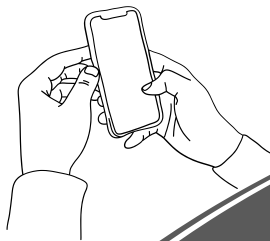

Public Interventions on Unsafe Driving Practices

Phone Use While Driving

Have NOT held & talked on the phone while driving

ROAD SAFETY

Where and when adults consistently buckle up

95%

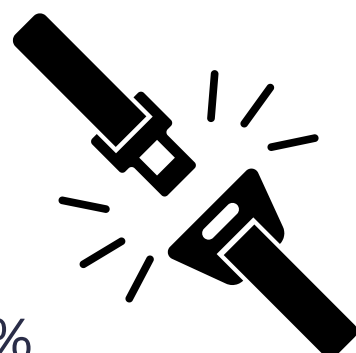

Within a few miles of home

97%

Many miles away from home

89%

In the back seat of the car

Self-Reported High-Risk Driving Behavior

REPORTED BEHAVIOR

% "Yes"

62%

Drove 10+ mph over the speed limit*

2%

Drove after consuming alcohol

1%

Drove after consuming cannabis

* % "Rarely", "Sometimes", "Usually", and "Always"

SPEED
LIMIT
55

Perceived Frequency of High-Risk Driving Behavior in Community

PERCEIVED BEHAVIOR

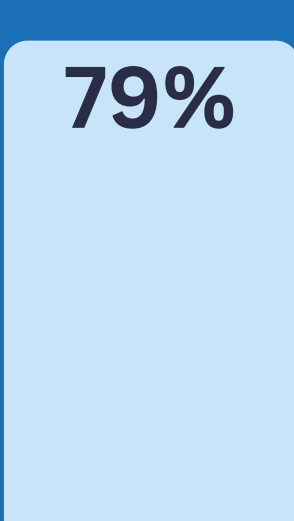

% "Sometimes", "Usually", and "Always"

84%

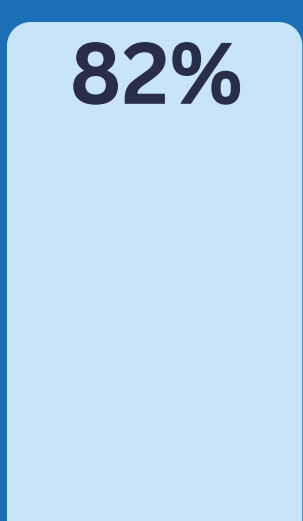

Drove 10+ mph over the speed limit

79%

Drove after consuming alcohol

82%

Drove after consuming cannabis

Pedestrian and Cyclist Traffic Safety

66%

Reported the traffic deaths of people walking, biking, or rolling as 'Extremely', 'Very' or 'Moderately Important'

8%

Reported being struck by a car in the past 12 months while walking, biking, or rolling
