

JUST DRIVE

ARE YOU A FOCUSED DRIVER?

I ignore incoming calls, texts, and other notifications while driving.

I don't make calls while driving, even in hands-free mode.

I never text while driving, including when stopped at a red light.

I never take care of personal grooming while driving.

I review my route before I start driving, so I'm not distracted by GPS.

If passengers are engaged in distracting behavior, I ask them to stop.

MOST PEOPLE IN WASHINGTON DRIVE FOCUSED.

COMMIT TO BE ONE OF THEM.

Driving focused saves lives.
